The hotel is located above Zalew Zegrze, surrounded by forests and a beautiful park. "Pan Tadeusz" hotel address Czesława Miłosza 20, 05-140 Serock.

Message of the conference "What's new in rare diseases"

#### The following people will participate:

- scientists in the field of rare diseases from Poland and abroad,
- doctors providing direct medical care,
- representatives of patient organizations from Poland and abroad

#### The conference will include:

- lectures for doctors and scientists,
- seminars for doctors and therapists,
- 35th Anniversary Gala dinner

#### Goals of the Conference:

This jubilee Conference, organized for the eighteenth time, is to highlight the needs of rare diseases patients. By organizing conferences, seminars and training sessions on rare diseases we want to draw attention to common undertakings that allow to improve the lives of rare diseases patients in Poland and globally.

By inviting outstanding domestic and foreign specialists and lecturers we want to enrich the knowledge and share the newest scientific developments concerning rare diseases, and thus, improve the diagnostics and medical care of patients.

Invitations and the online registration form are available on the website of the MPS and Rare Diseases Association
